Start up Review for Social Enterprise

Went through Questionnaire – For each area a score is indicated giving an overall view of strengths and areas requiring development. The next stage is for our group to provide details of our priorities; this will enable an action plan to be prepared for us to help our group work to the future. We will also hope to be able to access professional help in some areas. On completion of this process we may be eligible to apply for help from the Social Economy Development Fund.

Possible priorities: -Funding, Investigations, Feasibility, Management Plans, Flexibility, Consult Community, Partnerships, Viability, Consultancy skills, Expertise contacts, Revenue, Insurance, Prioritise
